Last updated 2022-07-05

The information in this PM will be supplemented / updated regularly, so be aware of changes and read this PM closely into the race.

1 Registration / Qualification

Registration via SSF TA from the **4/07 to 19/08** via the link below:

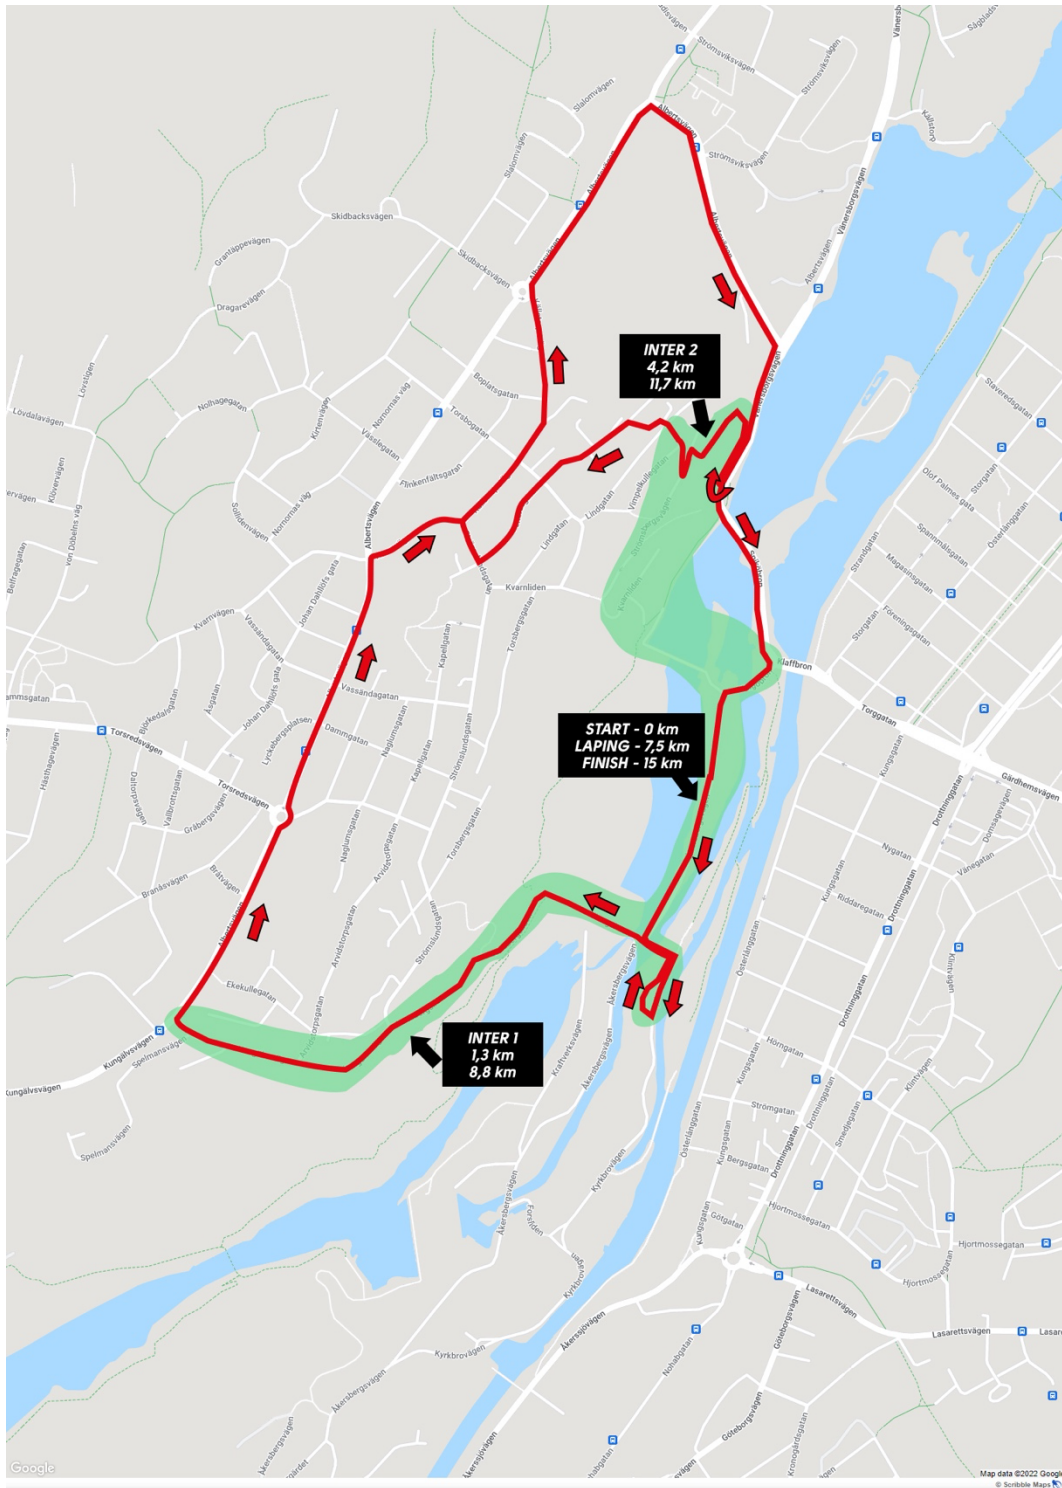

<https://ta.skidor.com/EventDetails.aspx?EventID=13699&orgid=80>

Participants registered but are not starting are asked to inform the organizer that they will not participate as soon as possible (at the latest at the team leader meeting). Registration cost 250 SEK

2 The competition arena

The competition arena with start and finish is in the fall and hydropower plant area in Trollhättan. A brand-new track has been designed in 2022 with two hills to climb two times.

Overview of the course

Overview Start-Finish arena

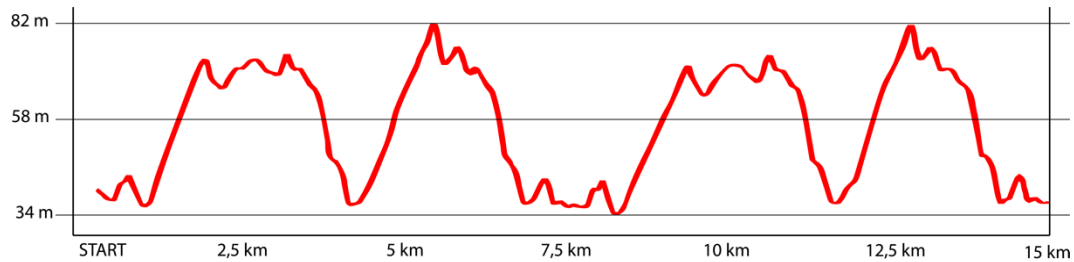

3 Course

The course is a lap course according to the picture of the competition arena above.

The track is constituted of a long loop and an inner loop of a total of 7,5km to go through two times.

The course is race as following: long loop + inner loop, lapping at the start finish zone, long loop + inner loop, finish.

4 Elevation profile

5 Start times / Classes

Men 15 km: First start 11.35 – 30 sec start intervals

Women 15 km: First start 13:00 - 30 sec start intervals

6 Team captain's meeting

The digital team captain's meeting will be held on **Saturday 25th August at 19:00**. The link to follow the digital team captain's meeting will be placed here. The presentation will be published after the meeting on our website.

7 Bib distribution

Bib and timekeeping chip will be picked up in the bib tent on the way into the Competition Arena.

Opening hours: 10:00-13:30

8 Loan skis

All athletes are provided with loan skis from Swenor, wheel number 3.

The skis are picked up at the bib distribution and returned in the same place after the race.

The loan skis are tested on the track or the warm-up area and can be adjusted or changed between kl. 10:30-13:00.

NOTE: It is the responsibility of each athlete to pick up and take the loan skis to the start.

9 Warm-up and official training on the track

The course is open for official training and warm-up between 10:00-11:20, then warm-up takes place around the start and south of the competition area.

10 Toilets

Toilets are available on the competition arena at the start and finish.

11 Shower / Change

No shared showers are provided, but the athletes have access to tents at the start and finish.

12 Bag handling

Bags is stored at the Athlete zone at the start and handled by the respective skiers.

13 Start procedure

The start is made with a start gate and 30 sec start intervals.

14 Pole support

Pole support is allowed along the entire course. Observe security, other competitors, officials and TV teams.

15 Abandon race

If you abandon the race, you must inform the officials at the arena at the finish area for safety reasons.

You must NOT cross the finish line with a chip if you abandon.

16 Result list

The results list is posted on the competition arena and published on the website.

17 Protest

Any protests must be submitted to the jury member immediately after the results list has been published.

18 Prize giving ceremony

Prize giving for places 1-6 takes place immediately after the last finish in each class, approximately 14:50 for both men and women, in the finish area and announced by the speaker.
